[02_CORE_EXPERIENCE]

FREELANCE FULL STACK DEVELOPER & DESIGNER [OCT 2026 - PRESENT]
Hexa Technologies // Blanchard, OK

- Directing end-to-end client media pipelines: custom full-stack web applications, motion graphics, vector brand identity systems, and commercial print assets.
- Designing and deploying high-contrast minimalist interfaces, custom 3D product compositions, micro-interactions, and AI-accelerated media deliverables.

FULL STACK DEVELOPER [MAY 2026 - OCT 2026]
Newcastle Flow Advertising // Oklahoma City, OK

- Engineered full-stack features across web applications including MenuFramer (menuframer.com) and MenuFlow Stripe Buy-Now-Pay-Later launch architectures.
- Provided cross-functional engineering and creative support handling website building, graphic design, and rapid client production deliverables.

CHIEF CREATIVE OFFICER (CCO) [JAN 2026 - PRESENT]
R3DPILL AI // Oklahoma City, OK

- Co-Founder and creative lead directing all brand identity, visual systems, media production, and multi-channel content strategy.
- Manage the full creative pipeline—from cinema camera capture to post-production—shaping brand communication across every digital platform.

CREATIVE DIRECTOR [AUG 2022 - JAN 2026]
The Brown Group / TB Realty / TB Fit Club // Oklahoma City, OK

- Drove a 38% increase in user engagement by developing interactive, dynamic multimedia elements and visually striking web/social content.
- Managed multiple high-stakes projects simultaneously (including commercial signage and digital campaigns) under strict deadlines and microscopic attention to detail.
